Glass clamp installation procedure

STEP 1

Drill hole to suit outside diameter of blind rivet nut

STEP 2

Insert blind rivet nut to post with hand tool

STEP 3

Installed blind rivet nut ready for use

STEP 4

Screw button head cap screw into blind rivet nut through glass clamp to fix half of glass clamp to post

STEP 5

Install appropriate rubber gaskets to both halves of glass clamp

STEP 6

Fit glass into piece, and screw second half of glass clamp to hold glass
